

HARDING

Meeting Tuesday Afternoon Was Disappointing

Only Small Crowd Out To Hear Candidate

And His Address Was Of Listless Nature

Left Impression He Felt Campaign Was A Loser

Third Term Candidate Dunlap Makes Short Speech

The meeting at the skating rink Tuesday afternoon, addressed by Hon. Warren G. Harding, Republican candidate for governor, was considerable of a disappointment.

It was disappointing to the local managers of the campaign on account of the meager attendance, the crowd

WARREN G. HARDING.

present being not to exceed four hundred, and which reflected but little interest in the campaign when so few turned out to hear the candidate for governor.

The meeting was presided over by Hon. H. H. Greer, who had many nice things to say of the Republican party and of Mr. Harding.

The address of Mr. Harding was along the lines of his opening speech at Kenton a few weeks ago. Mr. Harding has spoken in Mt. Vernon on former occasions, and at those times fully sustained his reputation as a good speaker. His address, however, on Tuesday afternoon, was lacking in the force he has before shown and left the impression that he felt that he was making a losing fight and had no heart in the canvass he was making. A part of his address was along philosophical lines, and this feature was the same as delivered at Fredericktown on Labor Day, and is part of the address he uses in his Chautauqua lectures.

Speaker Mooney missed a railroad connection and failed to get here for the meeting. At the close of Mr. Harding's address, Renick W. Dunlap, the third-term candidate for dairy and food commissioner, was introduced and spoke for a few minutes.

Mr. Harding came to Mt. Vernon from Newark in an automobile and was accompanied by a number of

newspaper men representing the Cincinnati Enquirer, Cleveland Plain Dealer and other city papers. A committee of Newark Republicans also came along in a second automobile.

On the way up from Newark a stop was made at Utica, where Mr. Harding delivered a short address.

At the conclusion of the speeches here, the Harding party left immediately for Newark where an evening meeting was held.

'THE INSPIRATION'

A Laughable Sketch In The K. Of C. Minstrels

Among the strong feature acts for the olio of the Knights of Columbus Minstrels next Tuesday and Wednesday is a very laughable sketch, entitled "The Inspiration." The characters in this sketch are assumed by four very well known young men of this city and are as follows: H. E. Dobbs, looking for an inspiration, Julius Headington; It B. Close, who came across Jos. Conroy; Alexander Brown, with an appetite and nervous feet, Tom Kelley; Sherlock Guck, the hen roost inspector, Rod. Tulloss. This is the big comedy and novelty act of the show and together with four other good acts will make up the Olio that is sure to please. The entire program for the show will be published tomorrow. Reserved seat sale Monday at 9 a. m. at Lorey's drug store.

SMALL

Allowance For The State Sanatorium

An allowance of \$1,205.22 was granted the Mt. Vernon State Sanatorium for improvements by the state emergency board Monday afternoon. One of the improvements is a lightning rod for the power plant.—Columbus Dispatch.

EXPLOSION

Of Gas In A Kitchen Burns A Woman

Mrs. Frank Luth, residing in South Vernon, sustained a number of very painful burns as a result of a violent gas explosion, which occurred at her home on Tuesday afternoon at about 4:30 o'clock. Mrs. Luth had been using the gas range in the kitchen, but having finished for a time, she turned the blaze low. The back door was left standing open and a gust of wind flew out the fire. The gas continued to escape until the room was well filled. Then an explosion was caused by a gas jet, which was burning almost over the range. Mrs. Luth entered the kitchen just as the explosion took place and as a result, was badly burned about the face and hands. Dr. F. L. Singrey was called in attendance.

BANKS

In This City To Close On New Legal Holiday

The United States' newest legal holiday, October 12, the date on which Columbus discovered America, will be observed by the banks in Mt. Vernon and the various banking institutions will be closed all day. It is also possible that the offices at the court house will close.

MUSICAL TREAT

Will Be The Maxwell Concert On November 4

Dolores Reedy Maxwell, who appears in the Star Concert Course Nov. 4th, was associated with the noted composer and director, Mr. C. B. Hawley, and Mrs. Mary Hissen de Moss, soprano, while singing in New York. For her musical education Mrs. Maxwell gives credit to Madame Von Seltitzsch and to Mr. Arthur Mees with whom she studied oratorios for three years. Her voice is a real contralto and she is a woman whose personality lends a decided charm to her singing.

ROOM

Is Provided At The Y. M. C. A. Building

For High School Boys To Eat Lunch

"The Country Club" Is Formed By Students

The boys' department of the Young Men's Christian Association discovered that there were a large number of pupils in the High school from the country who are going to and from home every day, carrying their lunch for the noon meal and for this reason felt that they saw an opportunity for service. All of these young men were asked to take lunch Tuesday as guests of the boys' department and as a result 26 of them were on hand at the appointed hour. Chairman Taylor put up to them the proposition of their bringing their lunch to the rooms on their way to school and returning at the noon hour to eat the same, this to apply to all irrespective of membership in the association. It took only about two minutes for the boys to elect Thomas VanVoorhis steward of what they chose to call "The Country Club." A comfortable room, provided with table, chairs and drink glasses are furnished by the association and all that the boys have to do is to look after the care of the room and conduct the affairs of the club to the satisfaction of the boys' department committee. A most hearty invitation is extended to every High school man, who carries his lunch, to become a member of this club. There are town boys as well as those living out of the city who are carrying their lunch and this arrangement applies to them as well. There is absolutely no expense to the young men in this they not even having to be members of the Y. M. C. A. In addition to this the association is arranging a noon hourschedule for those who care to become members, as a large number now are, of the association. There will be light, recreative games, calling for such play as will be a stimulus to the boys for the afternoon's work, no heavy work being attempted at this time. Mr. Taylor would be glad to have the co-operation of the parents in making this feature of the greatest service to their boys. In addition to the regular club features, the reading room is open to all boys as a study room.

All of the young men desiring arithmetic, algebra, geometry, penmanship, bookkeeping, spelling and English are asked to be on hand this evening to start their work. Arrangements will be made for the regular hour for class meeting and lessons will be assigned.

Among the features for the open house to all men and women Friday night will be the regular work of two gymnasium classes. Another will be the presentation to the interested men of the line of work to be followed by Dr. Singrey in his "First Aid to the Injured" class.

The membership committees of the men's and boys' departments met last evening and furthered arrangements for the canvass that starts next Monday. All of the rustlers are asked to take supper at the association, 6:30 next Monday night. At this time the teams will be started on their work.

There will be the regular Bible classes at the association at 3 o'clock next Sunday afternoon.

No false pretense has marked the career of Ely's Cream Balm. Being entirely harmless, it is not responsible like the catarrh snuffs, and powders, for minds shattered by cocaine. The great virtue of Ely's Cream Balm is that it speedily and completely overcomes nasal catarrh and hay fever. Back of this statement is the testimony of thousands and a reputation of many years' success. All druggists, 50, or mailed by Ely Bros., 56 Warren Street, New York.

INJURED

Most Severely While Driving Cattle

Charles Donaldson Rendered Unconscious

Charles Donaldson, a stock buyer residing near Martinsburg, was the victim of a very unfortunate accident while at work Wednesday morning at about 5:30 o'clock. Mr. Donaldson was driving a number of cattle to Utica where they were to be loaded into a car for shipment when the accident happened. The cattle began to run and thinking that a stampede might take place, he increased the pace of his horse which he was riding. One of the rearmost of the cattle fell to the road and Donaldson's horse stumbled and fell over it, throwing its rider to the ground with great force. The man alighted on his left side, dislocating his shoulder and rendering him unconscious. A man passing along the road shortly afterward, found him lying in the middle of the road in a state of unconsciousness. He was placed in the buggy and taken to Martinsburg, where Drs. W. E. and J. F. Shrontz reduced the dislocation and rendered other necessary attention. Donaldson was taken to his home after his injuries had been attended to, and it is not thought that the result of the accident will prove serious.

SOME POINTERS

In Buying or Building Homes by the ad Writer of the Buckeye State Building and Loan Company, Rankin Building, 22 West Gay Street Columbus, Ohio.

3. Buy or build a dwelling suited to the locality in which it is found. Houses should correspond to their surroundings. For instance one should not build a mansion on a side street surrounded by three or four room tenement houses. Neither would one expect to build a three-room house on a five-thousand-dollar lot. Save your money and buy or build a home. The Buckeye pays five per cent on time deposits. Assets over \$4,200,000.

SCHOOL REPORT

The report of the Flack school. Butler township, for the month of September is as follows:

DYNAMITE

Cap Exploded And Boy Was Badly Injured

The Flesh Was Torn From His Hand

Charles, the small son of Mr. and Mrs. George Miller, residing at the Caves, near Millwood, was severely injured at about six o'clock Tuesday evening by the explosion of a dynamite cap. The child was playing near his home when he found the cap, which had been dropped by workmen, who had been blasting in the stone quarries. Taking the cap to a fence rail nearby, the boy proceeded to search for a stone after which he began to pound the dynamite cap. After only a few blows had been administered, the cap exploded violently, tearing the flesh from the inside of the child's fingers on both hands. His body from his abdomen to his neck, was also severely cut and burned in various places. Dr. E. L. Porter of Danville was called to render surgical attention.

PLAN

To Hold Farmer Institutes In Knox Co.

At the mass meeting on Wednesday morning in the City Council Chamber of all persons interested in the Farmers' Institutes to be held in Knox county this year, a number of preliminaries were attended to. The subject of speakers, when brought up, was easily disposed of as the speakers heretofore employed, have been entirely satisfactory and they were recommended. The state board of agriculture provides that each county may have four institutes each year at four different places. The names of seven places in Knox county were suggested at this meeting. They were as follows: Mt. Vernon, Danville, Esto, Bladensburg, Centerburg, Brandon and Fredericktown. The state board of agriculture will decide which of these towns shall hold the institutes and report the decision probably between the 15th and 20th of October. Although the dates have not been exactly set for the holding of the institutes, they will be held during January and February.

Club Notes

SOROSIS

The first meeting of Sorosis for the season 1910-1911 was held Tuesday afternoon at the home of Mrs. H. C. Parker, East Vine street with a good attendance. This being "President's Day" short reminiscent talks were given by the various members. A very interesting paper, "Pre-Columbian Discoveries in America," was read by Mrs. Parker, president of Sorosis this year. A number of visitors were present at the meeting as follows: Miss Underwood of Columbus, Mrs. Columbus Ewalt, Mrs. Henry Cooper, Mrs. Edward L. Parker, Mrs. Guy Forbing. After the program a social hour was enjoyed by the ladies and light refreshments were served by the hostesses, assisted by Mrs. Forbing and Mrs. Edward Parker. The next meeting of Sorosis occurs October 11, at the home of Mrs. Parker.

There were a number of bidders for the machinery.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

YOU DON'T HAVE TO LEAVE HOME

to get the best business education.

One year of performance is better than ten years of promise. The Mt. Vernon Business College has made good.

We weren't experimenting on Mt. Vernon the past three years with our local Branch School. We knew just what we were doing. Business men had pledged enough students for a fine class before even the first announcement, and each year was a grand success—this one will be even better.

Your money couldn't secure you a better education—no matter where you want. There is only one BEST—and in College Systems, and methods we control them absolutely. We pay large salaries to instructors who know their business and graduates of this school never be out of a position—we guarantee that.

Stay at home with your family and go to business college in your home town—what can you ask better than that—especially when you have everything that the big city college can offer—nothing different but the size of the school, and that can certainly be no disadvantage.
